Rep. David Price invites Fourth District veterans to join the annual Veterans' Briefing. Price will co-host the briefing along with Reps. Bob Etheridge and Brad Miller.

Over the last three years, Congress has been working diligently to honor our country's commitment to veterans, passing legislation to improve GI benefits and increase funding for VA health care, research, and other needs. At the briefing, veterans will hear more about these bills and hear from local VA officials about benefits and services available in our area.

This year's briefing is at a new location to accommodate as many participants as possible, but seating is still limited. To RSVP, please call 919.688.3004 or 919.859.5999.
