

## Constituents Answer Price's Questions

Washington, D.C. - US Rep. David Price (NC-04) has released the results of his 2005 Congressional survey. Price had distributed the survey to constituents last month via email and snail mail newsletters. While the survey itself is not scientific, Price values this input from his constituents, and he encourages people to keep in touch on the issues that matter to them.

## SURVEY RESULTS

Do you favor President Bush's plan to partially privatize Social Security?

Yes -- 27 %

No -- 72 %
