

Miller, AARP, and College Students To Join Discussion

**Raleigh, NC** - Answering Questions

On Wednesday, February 23, 2005, US Reps. David Price (NC-04) and Brad Miller (NC-13) will host a special town hall meeting on Social Security. The public is invited.

The forum, to be held at Meredith College in Raleigh, will bring together constituents, college students, and seniors. The consequences of the President's plan to privatize Social Security would be far-reaching, and even the most conservative, non-partisan analyses reveal that they would ultimately involve major benefit cuts for younger workers who are currently paying into the system. Price and Miller believe it is important for all constituents to understand the details of the plan and the way it would affect North Carolinians.

All are encouraged to attend and bring their questions.

Logistics:

Wednesday, February 23, 2005

10AM

Meredith College Gate Center

Raleigh
