

Dear Friend,

The results are in!

Over 3,800 Fourth District residents completed the "Keeping In Touch" survey included in my January newsletter, and the results have been tabulated. To find out what the Triangle thinks about the economy, health care, and jobs, see below.

Knowing your views helps me do my job. If you didn't take the survey and have a question about an issue before the Congress, please [send me an email](#) and tell me what's on your mind. You can find out what's on my mind by following me on Twitter [@RepDavidEPrice](#)

Sincerely,

David Price

Member of Congress

Keeping In Touch Survey Results

Should Congress allow tax rates for people making over \$1 million a year to return to their 1990s levels, from the current 35% to 39.6%?

77.6% -- Yes

22.4% -- No

If Congress allows tax rates on the wealthy to increase, the resulting revenue should be used to (select all you feel apply):

48.4% -- Extend the solvency of Medicare & Social Security

62.9% -- Invest in infrastructure, research, and education

3.0% -- Increase defense spending

14.4% -- Pay for tax cuts for middle-class Americans

69.0% -- Pay down the national debt

Do you support President Obama's American Jobs Act, which would cut taxes on small businesses and families, keep teachers in the classroom, and help rebuild our nation's infrastructure?

72.9% -- Yes

27.1% -- No

As Congress works to balance the budget, which options should it consider for boosting

the economy and cutting the deficit (select all you feel apply)?

60.3% -- Expand investments in infrastructure

61.9% -- Expand investments in education and research

13.8% -- Cut investments in education/research/innovation

55.0% -- Cut defense spending

42.8% -- Limit personal tax breaks

81.7% -- Eliminate corporate tax loopholes

11.4% -- Cut Medicare and Social Security benefits

Do you regard President Obama's planned drawdown of troops in Afghanistan by 2014 as:

11.0% -- Too rapid

55.4% -- About right, all things considered

32.3% -- Too slow

Do you favor attempts to repeal or defund the health care reform legislation passed in 2010?

30.8% -- Yes

69.2% -- No
